

## Technology description

Single infiltration tunnel

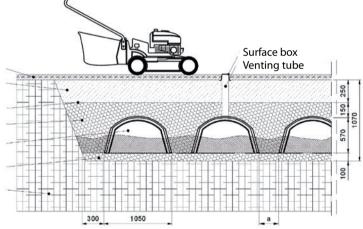

The modules may be loaded one on top of the other

## Installation in pedestrian surfaces

Vegetation Backfill with soil Geotextile 200g Washed gravel 20/40mm "Aquaway" chamber Washed gravel 20/40mm Overgrown soil

## Installation into surfaces trafficable by vehicles

- Asphalt load-bearing layer Asphalt – link layer
  - Backfill with soil
- Stabilised soil layer Compacted filling
- Geotextile 200g
- Washed gravel 20/40mm
  - "Aquaway" chamber
- Washed gravel 20/40mm
  - Overgrown soil
